I have been in discussion about your request with our General Counsel's office and our LA Metro District Supervising Agent. ABC has an older email operating system. Due to the time frame of request some emails that were archived /deleted had to be restored by our IT unit and all had to be printed to produce. Our email system does not use electronic files.

Unfortunately our ABC LA Metro District Office does not have a secure place (away from sensitive law enforcement records) to facilitate you to come in with a scanner to scan the records.

I can send you paper copies as I first mentioned for \$15.20.

You may make the check or money order out to California Department of Alcoholic Beverage Control and mail to:

California Department of Alcoholic Beverage Control
Attn: Public Records, Office of Legal Services
3927 Lennane Drive, Suite 100
Sacramento, CA 95834

Or I can send to LA Metro Office to pick up only - you would need to make an appointment and bring a check or money order with you to the appointment.

Please advise.

Stephanie
Senior Legal Analyst
ABC Office of Legal Services - Records Unit

Hi Stephanie,

It's been about two weeks now since you told me these records are ready. Can I come look at them or not?

Thanks,

[REDACTED]

Hi Stephanie,

I'm just wondering what the delay is on this. I need to see these records urgently and I was under the impression that you had them ready for me.

Thanks,
